

## Spare parts for PACON series

Applicable models: PACON 5000, PACON 4900, PACON 4800, PACON 4600, PACON 3400

| Serial number | Description                 | Order No.  |
|---------------|-----------------------------|------------|
| A             | Peristaltic pump head       | 50-0306-14 |
| B             | Reagent connection tube     | 50-0900-08 |
| C             | O-Ring 16 x 2               | 50-0902-17 |
| D             | O-Ring 3.2 x 2.5            | 50-0902-18 |
| E             | Dosing plugs, incl. C,D,U,V | 50-0907-16 |
| F             | Bottle caps                 | 50-0930-60 |
| G             | Reagent bottle adapter      | 50-0900-09 |
| I             | Magnetic stirrer            | 50-0900-56 |
| J             | O-ring 3.2 x 2.5            | 50-0902-10 |
| K             | Measuring trough            | 50-0907-31 |
| L             | Magnetic stirrer            | 50-0900-02 |
| M             | Outlet plug, incl. J        | 50-0907-12 |
| N             | LED light source            | 50-0907-13 |
| O             | Inlet plug, incl. J         | 50-0901-56 |
| P             | Outlet hose 6mm             | 50-0901-24 |
| Q             | Inlet hose 6mm              | 50-0901-12 |
| R             | Solenoid valve 24V          | 50-0901-57 |
| S             | Reagent hose                | 50-0900-11 |
| T             | Bulkhead quick-connect 6mm  | 50-0901-16 |
| V             | O-Ring, 5.28 x 1.78         | 50-0902-15 |
| U             | Luer Connector              | 50-0904-14 |
| X             | Display PCB                 | 50-0902-15 |
| Y             | Main Board                  | 50-0904-14 |

Common spare parts:

50-5000-10: Maintenance spare parts kit  
Includes: peristaltic pump head (with pump tube), stirrer, sealingring, reagent connecting tube

50-1907-00: Measuring cell kit  
Includes: K, E, M, N, O, L
